

Ramos and Sansom win AM Class at the 500km SPA - Francorchamps

Perfect strategy from the #188 McLaren duo, they dominated the AM Class all weekend, taking pole and dominating the race from start to finish.

May 18th, 2025

Pole in the AM Class was the harbinger of a good race and the Ramos/Sansom duo didn't disappoint. Briton Sansom was the driver chosen for the start and, managing to hold off the onslaught of the main Am Class rivals in the opening laps, he soon stabilized and calmly handed the wheel over to Ramos for the second of the four parts of the race.

Miguel Ramos still managed to widen the gap to the second-placed AM driver and the next two laps, for the third and final part of the race, were marked by control of the advantage he had gained, allowing Miguel Ramos to cross the finish line in first place in the AM Class.

According to Miguel Ramos, "it was a spectacular weekend. The team gave us a fantastic car. Even more so in this GT 500 race, where the points are worth double, it was important not to lose points to our opponents and fortunately we managed to increase the gap. Winning first in Portimão and now here in SPA is a good tonic for the season, but we know we're still at the beginning. In two weeks' time we'll be back here in SPA, but for the Fanatec race, it would be good to have a similar result."

Calendar 2025
